EDINBURGH:

PRINTED BY BALLANTYNE AND CO.

FOR THE LETTER-CARRIERS OF THE GENERAL POST-OFFICE.

---

1837.

---

[Entered at Stationers' Hall.]

THE PROPRIETORS of the EDINBURGH POST-OFFICE DIRECTORY beg to return their grateful acknowledgments for the encouragement with which their labours have hitherto been received by the Public, and at the same time to express a hope that the efforts which they have this year made to render their Publication extensively useful, will meet with similar approbation. No labour nor expense has been spared to promote its utility ; the utmost care and attention have been exerted to procure authentic information ; and whilst they trust that their zeal and assiduity have not been fruitless, it will be their endeavour, in the future editions of the book, to employ the opportunities afforded by their situation to collect every species of information calculated to prove useful to men of business, to merchants and traders, and to the public in general. The Letter-Carriers possess facilities and advantages peculiar to themselves for the preparation of a work of this nature : and as it is equally their interest and their duty to deserve the favour of the public, they will use every honest and fair means to attain so desirable an object.

The Proprietors beg to state, in consequence of the very extensive changes about to take place in the routes of the several Mail Coaches to and from Edinburgh, they are compelled to defer publishing them until after the proposed arrangements are completed, when Subscribers will be furnished with correct details.

\*.\* Copies of the Map may be had by applying to any of the General Post Letter-Carriers, or to R. GRANT and SON, Booksellers, 82, Prince's Street.

The letters on the Map refer to the parishes, and the figures to the municipal districts.

## EDINBURGH STREET DIRECTORY.

*The situation of the Closes, Courts, and Lanes, are pointed out by their Names being printed in Italics, at the place or Number of the Street in which they occur; and also when any Street is divided by Cross Streets, the Divisions are distinguished by the Name of the Cross Street being printed in Italics, with a ☞ before it, between the two Numbers of the Street in which they occur.*

▪▪ To those having occasion to circulate advertisements, &c. this part of the Directory, in connexion with the List of Letter-carriers at the beginning of the book, will be exceedingly useful,—the names and addresses being taken from the following list, and then thrown into districts for delivery, according to the rounds of the different Letter-carriers.

And so on in proportion, the postage increasing progressively one penny for a single letter for every like excess of distance of 100 miles.

**GENERAL POST.**—Letters containing one Enclosure are charged with two Single Rates. Letters containing more than one Enclosure, and not weighing one Ounce, are chargeable with three single Rates. Letters weighing one Ounce, whatever the contents may be, are chargeable with four Single Rates; and for every quarter of an Ounce above that weight, an additional Single Rate is chargeable.

Ireland, by way of Holyhead, 3d., Donagbadier, 4d., packet-rate, over and above all other rates.

Guernsey and Jersey, 3d., packet-rate, over and above all other rates.

By an act of 53d Geo. III. all letters and packets which shall be conveyed, during any part of their progress through Scotland, by a mail-coach, are liable to an additional rate of one half-penny to the ordinary rate of postage; but not to be doubled or trebled on double or treble letters.

\* \* Merchants' Accounts, Bills of Exchange, Invoices, Bills of Lading, and Proceedings at Law, written on the same piece of paper with a letter, are no longer liable to separate rates of postage, but are to be charged as single only. A single piece of paper is only chargeable with single Postage, whatever may be written upon it.

**PENNY-POST.**—Letters for the Penny and Twopenny-Post delivery must be under four ounces in weight.

**SHIP LETTERS.**—By an act passed last session of Parliament, letters may be sent through the Post Office by any Ship, from any port or place in Great Britain or Ireland, to any other port or place within the same, or either of them, on payment of a rate of postage of 8d. single, in addition to any rates for inland conveyance. Persons desirous of availing themselves of this mode of conveyance, must specify the same on the direction of their letters. Payment of the postage at the time optional. Letters sent in sealed bags for foreign parts (except for the East Indies, &c.), by private ships or vessels, if posted at the port from which the ship shall sail, are liable to a postage of 8d. single, and if posted at any other part of the United Kingdom, 12d. single, to be paid at the time of posting the same. Letters to go in this way must be specially directed.

The previous payment of postage on letters to and from France is now optional, and the letters may be either posted unpaid, or paid to the frontier

(Calais), or to their destination in France.

Letters may be also post paid to their place of destination in Central Germany, Switzerland, and Sardinia, and to the Italian frontier of Sardinia for Southern Italy.

Letters arriving from abroad, except for the East Indies, &c., in vessels not packet boats, are liable to a sea postage of 8d. single, 1s. 4d. double, and so on, over and above all Inland rates whatever.

For Packets, Rates, and Dispatches, see Foreign Lists.

The returns of the packets are calculated thus:—to Jamaica and back, 12 weeks; America, 9 weeks; Leeward Islands, 12 weeks; Malta, 53 days; Brazil, 20 weeks; Mexico, 18 weeks.

From August to January, inclusive, the packet touches at Pernambuco and Bahia, on her outward passage to Rio Janeiro; the other six months on her homeward passage.

Letters to and from the East Indies, Cape of Good Hope, the Mauritius, Ceylon, Batavia, New South Wales, Van Dieman's Land, and Swan River, are forwarded by ships as opportunities occur.—The postage must be paid here.

The rate outwards is 2d. per package under three ounces; if above that weight, one shilling per ounce.

The rate inwards is 4d. per package under three ounces; if above that weight, one shilling per ounce, in addition to the Inland rates to London, or any other port at which they may be landed or sent from.

For letters to India, *via* Egypt, see Foreign List.—Mediterranean packet.

**SOLDIERS and SEAMEN** can send and receive Single Letters on their own private concerns only, for One Penny (within any part to and from which there are regular Mails), to be paid when put into the Post Office. The name of the Soldier or Sailor, his Class or Description, and the name of the Ship or Regiment, must be given by himself, and the Officer having the command must sign his name, and the name of the Ship or Regiment to which he belongs.

Their Letters are also forwarded to the East Indies and New South Wales, on payment of One Penny at the time of putting in; and letters from the East Indies are chargeable with One Penny, or Three Pence, according to circumstances; to Places Abroad, where there are no regular Packets, on payment of Three Pence.

**PRINTED NEWSPAPERS** liable to Stamp Duties and duly Stamped, may be sent by PACKET BOATS to any of his Majesty's Colonies and Possessions beyond Seas, free of the duty of postage, provided the same be put into any General Post Office in the United Kingdom, or any day within seven days next after the day on which the same shall be published, such day to be ascertained by the date of the paper; and if forwarded by PRIVATE SHIPS under the same regulations, they are liable to a postage of One Penny each, to be paid when put into the Post Office.

Newspapers printed in the *British Colonies and*

possessions beyond the Seas, and brought to Great Britain and Ireland by *Packet Boats*, are to be delivered to the *first Address by the General Post* within the United Kingdom, *free of the duty of postage.*

Newspapers printed within the *British Colonies and Possessions* beyond the Seas, and brought by *PRIVATE SHIPS* into the United Kingdom, and delivered at any Post Office with the *Ship's Letters*, are to be charged and forwarded with a Postage of *One Penny* upon each Paper.

Printed Newspapers may be received at any General Post Office in the United Kingdom for conveyance either by *PACKET BOATS* or *PRIVATE SHIPS* to *FOREIGN PARTS*, on payment of *Two-pence* for every such Paper, such payment to be made at the time when the Paper is put into the Post Office—*provided* every such Paper be put into a Post Office *within Seven Days next after the Day on which the same shall be published*, such day to be ascertained by the date of the Paper.

Newspapers printed in any Kingdom or State beyond Sea, other than his Majesty's Colonies and Possessions, and brought into the United Kingdom either by *PACKET BOATS* or *PRIVATE SHIPS* (if printed in the language of the *Foreign Kingdom or State from which the same shall be forwarded, but not otherwise*), are to be charged with a rate of *Two Pence* each, on Delivery by the *General Post* in any part of Great Britain and Ireland, at the place of their first Address, in addition to any Postage charged thereon by any Foreign Post Office.

There is an exception in favour of such Foreign countries as have agreed to circulate Newspapers to and from Great Britain free, when they are put under the same regulations as Newspapers to and from the British Colonies. The following are the places with which such agreement has been made:—Buenos Ayres, Colombia, La Guayra, Caracas, Carthagen, Bogota, Greece, Ionian Islands, Hamburg, Bremen, Cuxhaven, and Spain.

Newspapers may be circulated to and from France by the *Packet Boats*, under the regulations as to date, as above specified, on payment of one halfpenny, previous or not, optional.

No Newspaper is to be considered within the aforesaid privilege, unless the same be sent without a Cover, or in a Cover open at the sides.

If the Person to whom any such Paper (from the Colonies or Foreign parts) is directed, shall have removed from, or quitted the place, to which such Newspapers shall be addressed, prior to the delivery thereof at such place, any such Newspaper on arriving or delivery at the place of its address, may (*provided it has not been opened or used, but not otherwise*) be re-directed and forwarded to such Person at any other place within the United Kingdom, free of any charge for such extra conveyance; but if any such Newspaper shall *have been opened or used, the same is, on re-direction, to be charged with the rate of a single letter from the place at which it shall be re-directed, or re-posted to the place where delivered.*

PRINTED VOTES and PROCEEDINGS in PARLIAMENT, may be sent to any of his Majesty's Colonies or Possessions beyond Seas, upon payment of one penny halfpenny per ounce, and so in proportion above that weight, such payment to be made at the time they are put into the Post Office.

Printed Votes, Proceedings, and Public Papers, printed by order of the Legislative Assemblies of any of his Majesty's Colonies, and brought to this Country in Packets, are to be charged at the rate of one penny halfpenny per ounce, and so in proportion above that weight, to be paid on delivery.

They must be sent without Covers, or in Covers open at the sides, and if any other paper or thing whatever be enclosed or concealed therein, or there shall be writing other than the superscription upon them or their Covers, such Packets are chargeable with the full rates of postages as letters.

FRANKS.—The Peers of Parliament and Members of the House of Commons are entitled to send "ten and receive fifteen letters daily," free of postage, to or from any place within the United Kingdom of Great Britain and Ireland. The superscription of each letter sent must be wholly in the handwriting of the Peer or Member, who must endorse the name of the post town from which such letters are sent, and the date written in words at length. The weight of each letter must be under one ounce.

Franks put into the Twopenny-post in London are liable to the Twopenny-post rates, and are also liable to the rate when going into or coming from any of the country Penny Posts. The act of 54 Geo. III. cap. 169, sect. 17, enacts, that it shall be lawful for every Member of either House of Parliament to receive by post any petition addressed to either House of Parliaments, free from the duty of postage, so as the same be sent in a cover open at the sides, and that the same shall not exceed the weight of six ounces.

BANK NOTES and DRAFTS.—Persons wishing to send bank notes or drafts by post, are advised to cut such notes or drafts in halves, and send them at two different times, waiting till the receipt of one half is acknowledged before the other is sent.

MONEY, RINGS, or LOCKETS, &c.—When money, rings, or lockets, are sent by the post from Edinburgh, particular care should be taken to deliver the same to the Clerk, at the window at the General Post Office; and when any such letter is to be sent from the country, it should be delivered into the hands of the Postmaster; but it is to be observed, that this office does not engage to ensure the party from loss.

MONEY ORDER OFFICE.—For the security of sums of money not exceeding five guineas, sent in letters by post, the Postmaster-General has authorized the establishment of the Money Order-office, where orders are given (payable at sight) on the Postmasters in Scotland, England, and Ireland. Attendance is given from 6-30 m. to 9-15 a. daily. Saturdays excepted.

LATE DELIVERY of LETTERS.—Representations having been made of the time occu-

plied by the LETTER CARRIERS in the DELIVERY of their LETTERS through the City, the inconvenience has been ascertained to be in a great measure, if not entirely, attributable to the delays experienced by the Carriers at hall doors, owing to servants not answering the bells, and in some cases, by the servants not being provided with money to pay the postage. Instructions have been issued to the Letter Carriers to rap or ring at each hall door twice, pausing an instant. The application of the Carrier, therefore, cannot be mistaken; and the public are earnestly requested to aid the Postmaster-General in his Lordship's anxiety to

expedite the general delivery of the correspondence, by obliging servants to answer immediately the Carrier's application, and to have the servant previously provided with sufficient sums to discharge their demands.

PRIVATE BOXES.—For the accommodation of merchants and others who, from circumstances, may find it more convenient to send for their Letters, Private Boxes are kept at the General Post Office, into which such Letters are put and taken charge of until sent for by the parties. For particulars, apply to the Clerk, at the Paid Letter Office.

*Office in Edinburgh, — 4 DUNDAS STREET, — HUGH FRASER, W.S. Agent.*

THE following are among the advantages which this Company offers to the Insuring Public: —

1st, The rates of Premium, especially for ages under fifty, are the lowest ever hitherto published, in proof of which a comparison is confidently invited with the Tables of any other Office in the United Kingdom.

2d, The facilities afforded to all classes of insurers, by having it in their power to adopt either an *even rate* for life, an *ascending scale*, or a *descending scale*, as may suit the convenience of parties; or further, an *alternative plan*, by which one-third of the even rate of premium (on policies for the whole of life) may remain unpaid, and be deducted from the sum insured at the end of life, with interest at the rate of four per cent.

3dly, The adaptation of the tables to any service, or to any country in the world; and it will be found that in Foreign Insurances also, the extra rates charged are considerably lower than those of other offices.

4thly, The Insurance of persons of advanced age, and also the undertaking of risks that might be rejected by other offices, at moderate rates, deduced from very extensive and accurate observations.

5thly, The great facility afforded for the transfer of policies, the Directors, instead of requiring assignments of these to be executed, in every case issuing a new policy in name of the intended assignee, on surrendering the former, and merely paying the price of the new stamp.

The following are selected from the Even Rates: —

**LIFE DEPARTMENT.**

WHILE the Premiums are as moderate as is consistent with security, the Holders of Life Policies are entitled to periodical additions from the surplus Premiums, which may be applied either to increase the sum payable at the death of the Insured, or to reduce the future Payments of Premium. That this is a very substantial advantage will be perceived from the following TABLE, showing the Additions made to Life Policies for £1000, effected in London, or through an Agent in Great Britain, which have been in force for the Fourteen Years ending at Christmas 1830. Proportionate additions have been made to policies for other amounts, or which have been in force for shorter periods.

Date of Policy.	Sum assured.	Annual Premium.	Age at Commencement.	Amount that has been added to the Sum assured, payable at the Party's death.
Dec. 25, 1816.	1000	L. s. d. 21 15 10	20	L. 230

do.	1000	53 3 4	55	382
do.	1000	63 13 4	60	449

Thus, by the above table, it will be seen, that a person insuring £1000 at 20 years of age, at the end of 14 years will have paid £305 : 1 : 8 of Premium; and, were he then to die, his heirs would receive £1230 instead of £1000. These additions will, on comparison, be found AS GREAT AS HAVE BEEN MADE BY ANY OTHER INSURANCE OFFICE WHATSOEVER.

As to the rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the sound principles of mathematical computation: and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

**FIRE DEPARTMENT.**

The Assurance of every species of Property from loss or damage by Fire is undertaken by the Company on highly favourable terms.

The following are the rates for all policies where the premium exceeds 5s. :—

Common Risks, 1s. 6d. per cent. Hazardous ditto, 2s. 6d. Doubly Hazardous, 4s. 6d.

The duty on Farming Stock Assurances being wholly taken off, all Farming Stock may be assured at the low price of 2s. for every £100, without any restrictive clause whatsoever, the former charge having been 5s.

A payment for rent is made by the Company in case of *Loss on Buildings, without any extra premium.*

## LIFE DEPARTMENT.

THE CALEDONIAN INSURANCE COMPANY offers to the Public the security of an ample subscribed capital, as a Guarantee Fund, together with all the advantages resulting from a participation of profits on the mutual Assurance Plan without risk, while for the convenience of those who prefer a CERTAIN future benefit at a LOW rate of Premium, the Company grants Policies without participation either for the whole period of life, or for short periods at corresponding rates of Premium. In both, the rates are fixed as low as is deemed consistent with safety, and it is provided that, at the expiration of the first ten years, and afterwards of EVERY SEVENTH YEAR, the Profits shall be ascertained by a careful investigation, and that FOUR SIXTHS thereof shall be apportioned to each Policy of five years' standing, and upwards, entitled to participate, and that according to the number of years such Policy has existed.

ONE-SIXTH is set aside as a guarantee fund for the Life Policy holders, and eventually, at periodical investigations, apportioned among those entitled to participate, the remaining ONE-SIXTH is allotted for the Proprietors of the Company, as a consideration for their having pledged their subscribed and accumulated capital in addition to the profits of the Life Department, as a farther guarantee to Policy Holders.

Payment of Premium may be made Yearly, Half-yearly, or Quarterly.

The Holders of Policies on the life of another are protected in the event of the party whose life is insured dying by duelling or suicide.

Liberal advances made upon Policies effected with the Company.

A fair price given to parties who wish to surrender their Policies.

No charge made for Entrance-Money. THESE ADVANTAGES ARE NOT EXCEEDED BY THE TERMS OF EVEN THE MOST FAVOURED ESTABLISHMENT, EITHER FOR SECURITY OR LIBERALITY.

## FIRE DEPARTMENT.

The Company insures property of every description on the most reasonable terms. A duty of 3s. per cent. is payable to Government on all property insured against fire, with the exception of Agricultural Stock, which is now exempt from Duty.

Prospectuses, with Tables of Rates for both Fire and Life Insurance may be obtained by applying at the Head Office, No. 13 Bank Street, Edinburgh, No. 51 Dame Street, Dublin, No. 8 Wellington Street, Southwark, London, or at any of the Agencies in Scotland, England, and Ireland.

**T**HIS Company was established in 1823, and is constituted by Act of Parliament, for the purpose of carrying on the business of Life Assurance in all its branches, on the most approved principles, combining the advantages of a Mutual Assurance Society with the security of a subscribed capital. While the Assured have the right of participating septennially in the profits of the *whole business of the Company*, to the extent of *four-fifths*, they are exempted from all risk and responsibility by a subscribed capital of Half a Million, guaranteed by a large and influential body of Proprietors.

At the first periodical investigation, a BONUS was added to the Policies which had been in existence for five years, entitled to participate, varying in amount from 20 to 38 per cent. on the Premiums paid, according to the particular circumstance of each individual Insurance.

The subjoined Tables of Rates, upon examination, will be found to hold out very advantageous terms to persons effecting Insurances with the Company; and it will be seen, that those who do not wish to participate in the profits, have the option of assuring at a lower rate of premium, without participation.

It is important to keep in view, *that the 31st of August next is the latest period for opening Policies, which shall be entitled to participate at the next investigation, in the distribution of FOUR-FIFTHS of the divisible profits.* From the steadily increasing progress of the Company's business, this will, no doubt, be found a valuable addition to the benefits of an ordinary Insurance.

Insurances are effected on Joint Lives, and on Survivorships, and in *any other way* that the interest or convenience of parties may require, upon terms equally advantageous to insurers.

No charge is made for Entrance Money, nor for Policies beyond the amount of the stamp.

Twenty-one-days allowed for payment of Premiums. Losses paid three months after proof of death.

A liberal price is given for Policies which are to be discontinued.

The Company's business is uniformly conducted on the most liberal and equitable principles, and with strictest secrecy. A Prospectus, containing full Tables, and every other information, may be had *gratis*, at the Office in Edinburgh, or from any of the Company's Agents.

## OBSERVATIONS.

THE principles upon which this Institution is founded, have been adopted after a mature investigation of the practice of other Offices, and will be found to combine advantages not hitherto offered by any other Assurance Company, having a Subscribed Capital.

The Capital subscribed by a numerous and respectable Proprietary throughout the Empire, affords security for prompt and certain Indemnity, without the responsibility attaching to Societies for mutual assurance.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of arbitrators, if required by the Assured.

Life Policies of this Society may be sold, transferred, or mortgaged, without any notice being given at the Office; and in all minor articles the utmost liberality will be afforded to the Public, consistent with the security of the Company.

## FIRE DEPARTMENT.

The allowance of 10 per cent, which has been made on the Premiums paid on Policies of seven years' standing, is the surest proof of the unprecedented success of this Institution.

## LIFE DEPARTMENT.

Tables have been calculated expressly for this Institution, and, independent of a reduced rate of Premiums, as compared with other offices having a subscribed Capital, persons assured for the term of life will be entitled, at the end of every seven years, to one moiety of the profits of the Company, after a deduction of such sum per annum for the guarantee of the Capital as the Directors may think reasonable, the extent of which is however limited by the Deed of Settlement.

The share of the profits to be so allowed to the assured may be applied either by adding to the amount of their respective Policies such reversionary sums as are equivalent to such profit, or in reduction of the Premiums thereafter to be payable on such Policies, provided such option be declared in writing, to be left at the Company's Office within three calendar months next after the division shall have been declared; but if such option be not so declared, such share of profits will be added to the amount of the Policies.

The first division of profit to the assured was made to Christmas 1828, when bonuses were allotted to the several Policies, amounting (on an average of the different ages) to rather more than One per cent. per annum on the sums insured by such Policies: and a second division of profit was made to Christmas 1835, when bonuses of nearly similar amounts were allotted among the assured. At each period of division the reversionary bonuses added to the several Policies averaged rather more than 28 per cent. on the amounts of Premiums paid thereon during the preceding seven years.

If any person assured with this Company for seven years, or for life, should die within thirty days after the Premium shall become due, such assurance is to be valid in case the Premium be paid within such period of thirty days; and although every Policy on a Person's own life becomes void by the conditions of the Company in case of suicide, Death by duelling, or by the hands of Justice, except as provided for in the 4th Condition, the Court of Directors have the power of taking circumstances of peculiar hardship in such cases into consideration, and of allowing to the Representative of the person so dying, the whole or such part of the sum assured as they shall think fit.

Persons assured in this office are allowed to pass by sea from one part of the United Kingdom to another, and also in time of peace to pass and repass, in Decked Vessels, or Steam Boats, from British to Foreign Ports, between the Elbe and Brest, both inclusive, without extra Premium or special leave of the Directors, as is usually required.—No additional Premium will be required from Military Men, unless when called into actual service.—No charge will be made for Entrance Money, Admission Fees, or Policies beyond the cost of the Stamp.

BY A RECENT DECISION of the Court of Directors, Persons who now effect Insurances with this Company for the whole Term of Life, will participate in the Profits, after having paid FIVE ANNUAL PREMIUMS, without incurring the responsibility attached to Societies for mutual Insurance. This advantage is not given to the public by any other office in London except the Equitable Society, where it is confined to the privileged number of five thousand participating members, and will be found very suitable to persons as they advance in life, whereby their expectation of partaking of profits, assigned at distant periods, become very precarious.

The BONUS of £1:10s. per cent. per annum, declared on Policies in the year 1831, was added to the sums insured, and the present value of such Bonus may either be received by the parties, or applied in reduction of their future Premiums.

The BONUS on Policies now in force, including the Prospective Addition recently declared, amounts in many cases to TWENTY PER CENT. ON THE SUMS INSURED, and will increase annually, until the next general appropriation of Profits in the year 1841.

Policies effected before the 31st of January 1837, will have the advantage of participating in the next general appropriation of Profits.

Every description of Insurance may be effected with this Company, at REDUCED PREMIUMS, when persons do not participate in Profits.

When persons wish to discontinue their Insurances from any Cause, the Company will purchase their Policies upon equitable terms.

Prospectuses, containing Tables of Premiums, and Examples of the different modes in which the Profits can be applied, may be had at either of the Company's Offices, or of any of the Agents in the principal Towns throughout the Kingdom.

**T**HIS Incorporation divides Septennially the whole Profits amongst the Insured, who are guaranteed from responsibility. A return of nine per cent. was made on the Premiums received from Candlemas 1825 to Candlemas 1832; and this, notwithstanding a more than average amount of Losses during that period.

The business of the Society has been gradually and steadily increasing since the adoption of the present system of dividing the profits; and as the losses during the current seven years will not, in all probability, be above an average, the Assured have reason to anticipate a still more favourable result at the next investigation.

All town risks of the first class, — houses situated in the country, — as also farm houses and steadings, are taken as common insurances, as 1s. 6d. per cent. At the same rate of premium, the stock and crop on any part of a Farm may be insured in one sum, *without the average clause*; and if preferred, the sum insured may be allowed to decrease monthly or quarterly, whereby a considerable saving is effected by the insurer.

Insurances on Farm Stock and Implements of Husbandry, are now exempt from the payment of Duty.

ASSURANCES are effected by this Society to the extent of £5000, upon the same sole or joint or surviving life or lives, and are not confined to the profession of the Law, but are open to persons in every station in life. FOUR-FIFTHS of the Profits made by this Society will be appropriated to the Persons assured for the whole term of life.

On the 31st of December 1840, and at the end of every Seven Years from that period, the profits divisible amongst the Assured will be apportioned amongst such of the Assured for the whole term of life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively, subject only to the reservation of such a sum of money as the Directors shall deem necessary to be carried forward, to the period of the next septennial division, for the benefit of the Assured. For the amounts which shall be so apportioned, equivalent reversionary sums will be added to the Policies respectively of those entitled.

The subjoined is a SPECIMEN TABLE of Bonuses, in even pounds, added to Policies of £1000 each, which had been in force during the first ten years of the existence of the Society, and declared on the 31st December 1833, compared with the amount of Premiums that had been received and improved at interest.

Age at Commencement.	Amount of Premium.	Bonus.	Age at Commencement.	Amount of Premium.	Bonus.
20	£257	£173	45	£460	£216
25	284	177	50	535	239
30	315	180	55	628	263
35	353	188	60	752	295
40	401	199	65	925	351

*Note.* — Due allowance must be made for extreme and intermediate ages, and the difference of years during which the Assurances have been in force; but the general distribution has been made on the principle, and according to the scale above given.

If any person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in £1000 or upwards, for the whole continuance of life, have the power of electing, either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance money is required; nor any extra Premium on persons in the Army or Navy, unless in actual service. — Assurances may be effected upon the lives of persons residing at a distance from London, by their appearing before a Solicitor in the country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, and to and from the islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in king's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

Assurances may be effected through any respectable Attorney or Solicitor in England, of whom prospectuses may be had. A party may himself effect an Assurance by writing to the Actuary, or attending personally at the Society's Office, in FLEET STREET.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the terms of Assurances may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

GEO. KIRKPATRICK, Actuary.

THE following are among the advantages of this Society :—

*1st*, The security of an ample Assurance Fund, besides the subscribed Capital of £200,000.

*2dly*, For young and middle-aged lives the LOWEST RATES OF PREMIUMS that entitle the assured to participate in the profits.

*3dly*, Three-fourths of the profits divided every five years among those who have been Assured full four years on the equal scale of premiums. The bonus declared in 1833 averaged £16 per cent. on the premiums then paid.

*4thly*, Policies granted without any charge to the Assured beyond the stamp duty.

*5thly*, No extra charge for residence in any part of Europe, nor for proceeding to any port (in a decked, sailing, or steam vessel) between Brest and the Elbe. Licenses are granted to go to most parts of the world upon terms proportionate to the risks.

*6thly*, Whole-life Policies on the equal scale of premium purchaseable after four years. Lapsed Policies revived within twelve months on favourable terms to the Assured.

\* \* To the expectants of bonuses in the *EQUITABLE OFFICE*, the Plans and Terms of the Economic Society are peculiarly favourable, to realize the additions expected up to the end of the year 1839.

### LIFE DEPARTMENT.

THIS Company effect Life Insurances on equitable principles, with entire exemption from the liability of Partnership.

A large Capital, subscribed by the Proprietors, forms the security of the Assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance*; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or of paying a larger Premium, while the means of doing so may be more at command; or the Premiums may be paid quarterly, half yearly, or yearly, as may suit the convenience of those holding the Policies.

Each Policy for Life is entitled to share the surplus profits, which are declared every seven years.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after proof of Death.

The following rates of Insurance for single Lives are given as specimens from the Tables. The rates for *One* and *Seven* years, and for the whole period of Life without Profits, will, it is believed,

London Union Assurance Office — Continued.

be found, on comparison, very advantageous to the Public, while Insurances for the whole period of Life are equally so, if the benefit to be ultimately derived from a participation of the Profits is taken into account.

FIRE DEPARTMENT.

Insurances of every description of Property effected at the usual rates, corresponding to the risk. The practice of this Company has been, for upwards of a century, to return the profits on Policies effected for Seven years. Only *Six* years' premium and duty are charged, and the Government duty may be paid annually, or in one payment.

The stability and character of the LONDON UNION SOCIETY have been satisfactorily proved by the test of upwards of a century, during which long period claims have been invariably discharged with promptness and liberality.

IN all benefit Societies, with the exception of the Palladium, the profit which is returned by way of Bonus is given to all the insured. In the Palladium it is only given to those who insure when under fifty years of age; consequently the profit on all lives being added to their policies only, will at once show how (combined with the prosperity of the Society) these Additions have been greater than those given by any other.

The highest first Septennial Division ever given by any other Society has been 25 per cent. on the premiums paid. The first Septennial Division of the Palladium was 44½ per cent.; and judging from the present state of the Society's affairs, the probability is, that the next Septennial Division will be fully as superior.

Those who insure before the expiry of this year, will reap all the advantages which they would do by insuring in any other Society before that period.

Lives above fifty may also be assured, but they do not participate in the profits.

*Power vested in the Assured.* — The holder of a Life Policy, effected for the whole term of the life of any person not exceeding fifty, will be entitled, after two annual payments of premium, to vote at General Meetings, viz. on a policy for £1000, one vote; £2000, two votes; £3000, three votes.

By this most important arrangement, the assured obtain an effectual protection against an improvident application of the capital and funds of the Society, which, with the ample subscribed capital and the accumulation of premiums, affords the best security for the payment of all just claims.

*Travelling allowed.* — All persons whose lives are assured in this office, may pass and repass in time of peace from any part of Europe to another, by sea or land, without payment of additional premium.

\* \* \* No Entry-money charged.

THE large accumulated Capital and Annual Revenue of this Institution, (which, as a Life Assurance Association, is the oldest and most extensive in point of business in Scotland,) enables the Directors to offer to the public the full advantages arising from the principle of its constitution, combined with the utmost measure of Security.

The great value of the principle of mutual contributionship, or, as it is generally termed, MUTUAL ASSURANCE, on which this Society is founded, is now well known. By the operation of this principle, taken in connexion with the careful selection of lives, and an economical management of the Society's business, it is evident that the advantages of Life Assurance are secured to their utmost possible extent. Indeed, they only require to be known and understood to be fully appreciated; and so rapidly accordingly has been the growth of this Society, that, during the last eighteen years, the annual revenue has increased from L.2300, to upwards of ONE HUNDRED AND TEN THOUSAND POUNDS STERLING *per annum*, and the accumulated Fund from L.3000, to upwards of FIVE HUNDRED AND FIFTY THOUSAND POUNDS STERLING, and both are in a state of steady and rapid increase.

The last periodical investigation of the Society's affairs took place at 31st December 1831, when large additions were declared to the Assurances entitled thereto. In order to show the value of the additions made out of the Surplus Fund, the following particulars are given of the claim arising under a Policy opened previous to 1820, if emerging in the current year by the death of the party assured:—

The Ordinary Court of Directors meet weekly for the purpose of receiving and deciding on applications for Assurance, which are now granted to the extent of L.5000, on approved single or joint lives. ## LIFE DEPARTMENT.

THIS COMPANY WAS ESTABLISHED IN 1809, AND OFFERS TO THE PUBLIC every Benefit Life Assurance is capable of affording, viz. — 1. Rates of Premium nearly FIVE PER CENT. LOWER than most other Offices acting on the system of participation of profits. — 2. The Assured may either participate in the profits to the extent of TWO-THIRDS, which is the same with what is generally divided by Mutual Assurance Societies, and at the same time are secured against all responsibility by the LARGE CAPITAL of the Corporation, or may pay a less Premium for securing a specific sum without periodical additions. — 3. Premiums may be made payable either in a Single payment, or by Annual, Half-yearly, or Quarterly Payments. — 4 Where Policies effected by parties on their own lives, are assigned to others for onerous causes, the holders are assured against the risk of the original assured dying by suicide or duelling. — 5. Advances made on security of Policies of more than three years standing, to the extent of their value. — 6. A liberal price given for Policies to parties wishing to surrender them. — 7. No extra Premium required from Naval or Military Gentlemen, unless called into actual service. — 8. No admission-fees or entry-money charged. — 9. Persons insured with this Company have liberty to pass and repass, in time of peace, from one part of Europe to another, without losing the benefit of their Policies.

## LIFE SOCIETY.

ACCUMULATED CAPITAL UPWARDS OF £1,600,000.

THIS Society is founded on the Equitable principle of Mutual Guarantee, the *whole* benefit of its business being enjoyed by the Members in the form of Bonuses, added periodically to the sums insured. The Premiums (under 45 years of age) are nearly 10 per cent. below the usual rates.

Persons Insuring with this Society, thus obtain an immediate advantage in the lowness of its rates, besides the ultimate benefit of successive periodical additions to their Policies, arising from the division of the surplus Capital. Three Septennial Bonuses have already been declared, amounting respectively to £20, £24, and £25 per cent. on the amount of Premiums deposited—the calculation, in each case, being made upon the whole Premiums paid from the date of the Policy.

The present income of the Society exceeds £150,000 per annum, and the new Policies now issuing are in the proportion of eight hundred annually.

The subjoined list (exhibiting a few of the earlier Policies, with the additions thereto,) will serve to show the practical operation of the principle of the Society.

Number.	Sum Insured.	First Bonus.	Second Bonus.	Third Bonus.	Total Claim on the Society.
477	£1,000 0 0	£74 8 0	£193 8 0	£310 0 0	£1577 16 0
1259	1,000 0 0	59 16 0	197 15 0	337 2 6	1594 13 6
1745	2,000 0 0	66 0 0	264 0 0	467 17 0	2797 17 0
2470	3,000 0 0	26 0 0	254 8 0	496 17 6	3777 13 6
3589	4,999 0 0		465 2 0	1050 3 0	6514 5 0

A Fourth Bonus will be declared in July next.

The Insured are permitted, without any extra charge, to visit any part of Europe situate between the Elbe and Brest, and no extra payment is demanded in name of Entry-money, or to defray expenses of management.

Thus the Norwich Union Society, in present economy and in prospective advantage, is fully equal to any similar establishment in this kingdom.

## FIRE SOCIETY.

CAPITAL, £550,000.

This Institution is wholly distinct from the Life Society, and transacts every description of Fire Insurance business on the most liberal terms. The fulfilment of its engagements is guaranteed by a numerous and opulent proprietary, and the insured, who are free from all responsibility, participate with the shareholders in the profits. The last Dividend paid was at the rate of 10 per cent.

Expenses incurred by the removal of Goods, in case of fire, will be defrayed in proportion to the amount insured.

Loses by fire occasioned by lightning will be made good.

No charge is made for Policies (unless the sum insured is below £300,) nor for endorsements or alterations.

Tables of rates, and all other information, may be had at the Office of the Societies, or of any of the Agents in Scotland.

**T**HIS Incorporation is composed of a numerous and influential body of Proprietors, and affords unquestionable security to the public from the magnitude of its capital—a large proportion of which is invested in Government and real securities. By conducting its operations on an extensive scale, and over the whole Empire, it is enabled to equalize those vicissitudes which may arise from the influence of local causes; and, from the success which has attended this National Establishment, it is permanently placed on a secure basis.

### FIRE DEPARTMENT.

Property, real and personal, of every description, may be insured on the most advantageous terms; common insurances of the first class at the reduced rates, and property involving more than ordinary hazard, at rates of premium commensurate with the value of the risks.

All LOSSES, when satisfactorily ascertained, are *immediately paid*.

### LIFE DEPARTMENT—PARTICIPATION IN PROFITS.

TWO-THIRDS of the profits are allotted at regular periods to the insured, WITHOUT BEING SUBJECT TO ANY DEDUCTION FOR CHARGES OF MANAGEMENT. The first division will be made on 1st January 1842. The remaining one-third will be reserved by the Incorporation as a compensation for undertaking the whole expense of management, and for the security afforded by their capital against all possible contingencies.

### REDUCED RATES. NO PROFITS.

To facilitate Loan transactions, a reduced scale of rates has been adopted, which will be found particularly favourable to the Insured, especially for young and middle-aged persons.

*Scottish Union Fire and Life—(continued.)*

Moderate rates are demanded for Insurance against the contingencies of foreign climates, military or naval service, and voyages to distant countries; also for healthy persons above the age of 60, and for persons of all ages, afflicted with gout, asthma, rupture, or other serious maladies.

Prospectuses, detailing more particularly the various advantages offered by this Incorporation to the public, with Tables of the rates both for Life and Fire Insurance, may be obtained by applying at their Office, No. 47 George Street, Edinburgh, or at any of their authorized Agents throughout the Kingdom.

CHAMBERS, 12 DUKE STREET.

THIS is the only Company constituted in the Northern part of the Kingdom, exclusively for the purchase of Reversionary rights — absolute or contingent — Annuities or Liferent Interests — Policies of Assurance on Lives — Shares in Government and Private Tontines — and in general of all rights extending over Property Funded or Real, or otherwise well secured — the emergence, or term of payment of which, depends upon some contingency of life or survivorship, susceptible of calculation.

Every Man of Business must have found, in the course of his experience, much difficulty in securing or realising those rights belonging to his Clients, which, among the manifold relations of society and individuals, now so frequently arise, under Contracts of Marriage — Entails — and other Destinations — Family Settlements, and similar Deeds, where limited rights of Liferent and Fee, depending in many cases on complicated contingencies, are secured to Parties have separate and frequently conflicting interests. Even where the contingencies by which such rights may be defeated, are comparatively of a remote and improbable nature, they nevertheless are found to affect their marketable value in perhaps a very disproportionate degree. For although a certain class of contingencies may be guarded against by Counter-assurances, through the medium of some one or other of the numerous Life Offices now established, still it is not easy at all times for individuals unaccustomed to the consideration of such matters, either to devise the most effectual means, as applicable to any particular case, of securing the protection of Life assurance, or to provide the necessary Funds for the payment of the requisite premiums. Parties are thus frequently under the necessity of leaving themselves without the protection of Life assurance, and thereby running the hazard of having their otherwise valuable rights entirely defeated, or are forced to bring their contingent rights into the market, under every disadvantage. But these difficulties, so formidable, and frequently so oppressive to individuals, disappear, or are greatly modified, when a number of such contingent or reversionary rights are held by a Public Body or Company, who can, with comparative safety, on a large and collective scale, undertake the risk of contingencies, which in any individual case, it would be most imprudent to hazard; or, if judged expedient, can readily command the means of resorting to the protection of Life assurance, in the most convenient and efficient form.

The NORTHERN REVERSION COMPANY has accordingly been established with the view of meeting the exigencies above alluded to. The accurate observations which have now been made on the duration of human life — the valuable practical tables which have been deduced from these observations — and the well ascertained *formulæ* by which such computations are regulated, enable correct calculations to be made, in almost every case, of the true worth and value of any reversionary or liferent right depending on particular or combined contingencies of life or survivorship. While, in this way, the Capital of a company may be safely invested with a reasonable prospect of remunerating profit, Parties having such rights to dispose of, and wishing to realise their fair marketable value, have the means of doing so afforded to them through the medium of this Company, without undergoing the expense and delay, and very frequently the disappointment attending a public sale.

In order, as far as possible, to facilitate the transaction of business with the Company, forms, adapted to various cases, have been prepared, for enabling parties or their agents to tender proposals of sale. Copies of these forms, as well as every other necessary information, may be readily had on application to the Secretary of the Company, at his Chambers, 12 Duke Street, to whom all communications (post paid) are to be addressed.

*These Tables have been calculated expressly for the present Institution, partly from the Government and partly from the Carlisle Tables of Mortality, slightly modified by reference to other recent and accredited sources.*

THE promoters of this Institution, which has already acquired a considerable number of members, rest their claim to the patronage of the public on the following among other grounds:—

1. The Premiums for young and middle-aged lives are upon an average about TWENTY-FIVE PER CENT. below those of such of the present offices as divide all the profits or surplus among the assured. In most of these offices the premium on an assurance for the whole of life is higher, at the age 20, for instance, than in this at the age 30, without taking into account the entry-money, which is required by these offices, but which is wholly dispensed with by this Institution. For assurances on joint lives, and in favour of any one specified life after the failure of another, as for a wife on the death of her husband, the terms are equally favourable.

2. The Surplus will be preserved entire for the benefit of those who have paid into the fund a sum, which, accumulated at 4 per cent. compound interest, shall be equal to the sum secured by the policy; instead of a great part of such surplus being divided among the representatives of those who have not lived to contribute one half, or even one fourth, of the sum assured. The bonus given on such policies is clearly so much loss to those who live the longest, and contribute the most to the common fund; and who, from whatever source a surplus may arise, are alone entitled to share in it, and that in proportion to the value of their respective policies. By this arrangement there is reason to hope that, when the first bonus shall be declared, as it must be, by the Deed of Constitution, about fifteen years hence, the sum to be added to the *first year's* policies will be greater than has been given in the same period by any other office whatever. The business already done by this Institution, and the prospects that lie before it, when its peculiar advantages shall be duly appreciated, fully justify this anticipation.

3. The Directors are bound, by the Deed of Constitution, to purchase policies of seven years' standing and upwards, issued for the whole of life, according to a table already prepared, to which the assured will have access. They are also authorized to make allowances to the parties interested, even where the policies have been forfeited.

Upon the whole, it will be found that, though the premiums have been so greatly reduced, yet the provisions on behalf of the assured are in other respects as liberal as is consistent with security; while the respective interests of the members have been adjusted upon the most equitable principles.

Forms of proposals, and other necessary information, may be had on application at the Offices in Edinburgh and Glasgow, if by letter, to be free of postage.

## THE STANDARD LIFE ASSURANCE COMPANY,

CONSTITUTED BY ACT OF PARLIAMENT,

FOR ASSURANCE ON LIVES AND SURVIVORSHIPS, ENDOWMENTS FOR CHILDREN, IMMEDIATE, DEFERRED, & SURVIVORSHIP ANNUITIES,

AND FOR

THE PURCHASE OF REVERSIONS AND ANNUITIES.

CAPITAL, £500,000.

HEAD OFFICE, 21 SOUTH ST. ANDREW STREET, EDINBURGH.

Governor — His Grace the Duke of BUCCLEUCH and QUEENSBERRY.

Deputy-Governor — The Most Noble the MARQUIS of LOTHIAN.

THE CAPITAL of the Company is FIVE HUNDRED THOUSAND POUNDS sterling; besides which the Premiums and accumulating interest form an increasing fund, wholly applicable to the purposes of the Institution under the Act of Parliament by which the Company is constituted.

While persons making Assurances are thus provided with an undoubted guarantee for the fulfilment of the Company's engagements, they also have it in their power, without incurring responsibility, to participate largely in the profits of the business.

THE RESULTS of the investigation of this Company's affairs, as at 14th November 1835, give the best evidence of the benefits which are afforded by this Establishment.

The following Table exhibits specimens of the BONUS ADDITIONS which have been declared by the Company on Policies opened prior to that date, in the class entitled to participate in the profits of the Company

1834, ..	1000	25 0 0	1025 0 0
1835, ..	1000	12 10 0	1012 10 0

*Note.* — These additions are vested rights, after a Policy has been in existence five years.

The principles of division which have been adopted are such, that assurers are all placed impartially on the same footing, each individual having a proportionate share of profit allocated to his policy according to the period of its existence. No distinction is thus made conferring advantages upon parties assuring at any particular period at the expense of those who may enter at another; while, at the same time, the benefit of those who shall stand long assured with this Company is provided for by an adherence to the plan of division

which has been acted upon so successfully by the **EQUITABLE SOCIETY** and **ROCK ASSURANCE COMPANY** of London.

In addition to the advantages offered by a large subscribed Capital, and the equitable principles on which the division of profits proceeds, the *Standard Life Assurance Company* has to hold forth to the public another regulation conferring peculiar benefit on Assurers, which is, — The provision, that a **DIVISION OF PROFITS** shall be made among the Assured at the expiry of every **FIVE YEARS**. The importance of this arrangement must be evident to every one, as affording, in the *first* place, renewed opportunities of minute investigation into the Company's affairs; and, in the *second*, great advantages to the Policy-holders, by the frequent additions which will thus periodically be made to their Policies.

**THE OTHER PROVISIONS AND REGULATIONS** for conducting the business of the Company are conceived on the most liberal principles for the encouragement of Assurance among all classes. The following are among them :—

No charge is made on parties assuring, under the head of Entry-money, Admission Fee, or otherwise.

Premiums may be made payable yearly, half-yearly, or quarterly, according to the inclination of parties.

Military men are not charged with extra premiums, unless called into actual service.

Persons whose lives are assured are permitted to pass and repass by sea, in time of peace, from any part of Europe to another, without application being made for such license, or payment of any additional premium on account of the same.

No extra premium is charged for Foreign residence, temporary or permanent, within the limits of Europe.

Parties going beyond these limits are assured on reasonable terms.

Onerous Assignees to Policies opened by persons on their own lives, when duly admitted by the Company as the holders, will be considered to stand in an equally favourable situation as if they had been the original assurers.

Assurances of fixed sums, for limited periods, and on the various combinations of Joint Lives and Survivorships, as well as Immediate and Deferred Annuities and Endowments, can be effected on moderate and advantageous terms.

Commission allowed to Agents transacting business with the Company.

## ADVANTAGES OFFERED BY THIS COMPANY.

A Very considerable reduction of Premium in the earlier stages of Life, so that L.1200 may be assured for the same annual payments as are required by other offices for the insurance of L.1000; thus securing at the outset, and without the liabilities of a partnership, a bonus equal to 20 per cent. on the sum insured, instead of waiting, as in mutual Insurance Companies, for deferred periods, to which, after paying higher rates of Premium, the Insurer may never attain.

A large invested capital in the *public funds*, for the security of the assured.

Payment of claims three months after death.

Extension of time for payment of renewal Premiums to thirty days.

Permission to persons, not seafaring by profession, to pass by sea, in time of peace, from any part of Europe to any other part, without paying any extra Premium, and without license of the Directors.

A tender of arbitration in all disputed cases.

Purchase of Policies on the most liberal terms, when the object of an assurance has been effected, or individuals are unable to continue their annual payments.

Endowments on children attaining the ages of fourteen or twenty-one years.

Annuities granted on the most equitable terms, under a special Act of Parliament.

## COAL.

EDINBURGH, DALKEITH, AND  
LEITH RAILWAY.

**T**HE MID-LOTHIAN Coal Proprietors bring many kinds of Coal into the Railway Depots at Edinburgh and Leith. All those of the finest qualities are sent thither, carefully selected and hand-picked, to fit them for the competition in those great markets; and those of inferior quality are sold at proportionally inferior prices.

It will be evident to all, of how great importance it is to the consumer, as a security against fraud, to have the stores of the coal proprietors thus brought into town. In Railway-borne coal, no dealer could commit a fraud without a connivance with the servants of one of the Coal Proprietors, and also with the servants of the Railway Company. It is especially to be remembered, that the Railway Company and their officers have no common interest with the dealers in any article carried on the Railway; they only furnish the means of transport; and it is their interest to see justice done to the public, in which the officers exercise the functions of a police, in virtue of the Railway Act, which empowers them to compel all coal carried out of the depots to undergo the test of the Company's weighing machines.

Let consumers of coals attend pointedly to the following instructions:—

1st, Never receive coals without a certificate of weight and quality from one of the Railway Company's weighers.

2dly, Attend to the hour of departure marked in the certificate; and if the carter appears to have travelled under the rate of three miles an hour, reject his coals.

3dly, Never allow the certificate to be kept and carried away by the Carter; but when inspected, let it be destroyed, or enclosed back to the Manager or the weigher, to have it ascertained that it is not a forgery.

4thly, If coals appear on delivery to be of a different quality from what were ordered, a competent person shall be sent to inspect them, on application being made to the weigher.

5thly, Avoid any coal-merchant who appears unreasonably averse to supplying Railway-borne coal. The respectable portion of the coal-merchants in Edinburgh and Leith have a great advantage in supplying their customers directly from the stores of the coal proprietors in the Railway depots; for they save thereby the expense of private coal-yards, and of storing, selecting, and loading; and through the Railway Weigher's Register, they can always obtain a check upon their carters, and evidence of their own honesty.

N. B.—No coals are allowed to be weighed in the Railway Depots except those purchased there.

Weigher in Edinburgh Depot—Wm. Murray.

Weigher in Leith Depot—John Somerville.

**THE RAILWAY COACHES** to Fisherrow, Dalkeith, Lasswade, &c.—Fares Sixpence—depart from 1st April till 30th September.

From St. Leonard's Depot, Edinburgh, at 7\*, 8½, 10, 12, 2, 4, 6, and 8½.

From Seafeld Depot, Leith, at 10, 12, 2\*, 4, and 6.

In WINTER, those marked thus \* are discontinued.

**PARCELS** for the Railway Coaches are received at the Duty-House, Prince's Street, and the Coach Office, No. 10, St. Leonard's Depot; at Mr. Hislop's, Dalkeith; and Mrs. Jobson's Sheriff-hall.

N. B.—The Railway Company will not be responsible for the loss of any parcel above the value of five pounds sterling, unless the value be stated, and booked, and insurance paid accordingly.

D. RANKINE, Manager for the Company,  
Railway Office, Edinburgh, March 1837.

## EDUCATION.

*Patronized by Ladies of the First Distinction.*

MRS. FURLONG'S

NEW EDUCATIONAL INSTITUTION,

**B**EING a full and most complete course of Female Instruction, conducted on the intellectual system, under eminent masters, and based upon decidedly Christian Principles.

CHARGE. — To include a full *Educational Course*, 21 Guineas per annum. Where less is required, 18 Guineas per annum; and for *Elementary Course* pupils, 14 Guineas per annum.

As the advantages with which each successive stage of education is prosecuted, must, in a great measure, depend upon the manner in which the previous stages have been conducted, it is manifest that it is alone by *steadily persevering* in one system, that full justice can be done to either the Pupil or the Teacher, time being the only true criterion by which either the efficiency or inefficiency of a system, or the capacity or incapacity of a pupil, can be determined.

Under this conviction, and in order to hold out every possible inducement to parents to give her "EDUCATIONAL COURSE" a fair trial, MRS. FURLONG has determined that where two or more of a family attend her Institution for the Elementary Branches, and that it is *fully understood* that they shall continue for at least ONE SESSION, the Fees shall be charged on the lowest possible scale, and shall be regulated by the number of studies engaged in.

[Ladies (not Pupils) will be permitted to attend any of the classes, by payment of the regular fee for each branch according to the scale of charge established in the Institution, and a small entrance fee on each branch. The "entrance fee" (it is understood) being merely to keep the classes select. If three branches are taken together, the entrance fee will be charged for two branches only.] Prospectuses and scale of charges to be had at the Institution.

The Session is divided into four terms or quarters.—The 1st October;—15th December;—1st March;—and 15th of May.

The number of pupils for the educational course being *limited*, it is requested, that previous to the removal of a pupil, a quarter's notice will, if possible, be given, in order that the vacancy may be immediately filled up.

\* \* \* To parents not residing in town, MRS. FURLONG will be prepared to recommend a few respectable Private Families, where moderate Board may be obtained, and the utmost attention calculated upon.

"Miss Millar has long been known to us as a distinguished Artist in Fruit and Flower Drawing; indeed, in this department, she has no professional rival in Edinburgh, who at all equals her. Botanical accuracy, high finish, and clear colouring, are the characteristics of her works. Her Pencil Drawings are remarkable for neatness, and in Picturesque Scenery, little inferior to the drawings of Ewbank. And not the least of her qualities as a Teacher, is her assiduous attention to the progress of her Pupils. We happen to know several of Miss Millar's Pupils, who have made considerable proficiency in Drawing from Nature."—*Evening Post*.

**M**R. JOHNSTON'S Classes for FENCING, SINGLE-STICK, CALISTHENIC, and GYMNASTIC EXERCISES, continue to meet, as usual, at his Academy, 11 EAST THISTLE STREET. Three Lessons a-week, 10s. 6d. per Month.

• Peppermint Lozenges are generally made with foreign oil, which is nearly one-half of the price of the English kind. The foreign being grown in fields, is distilled with weeds. The English is grown in gardens, and has a much finer flavour. The above are warranted to be made with the finest English oil.

FAMILIES who are in the habit of sending presents of CONFECTIONS to their Friends abroad, are requested to try A. FERGUSON'S Superior MIXTURES. His GINGER, CINNAMON, PEPPERMINT, and other STOMACHIC LOZENGES, for Strength and Fineness of Flavour, he is confident cannot be surpassed, One Ounce of which being equal to Three Ounces of the generality of Lozenges sold. No extra Charge, and requires only publicity to be approved of.

A. F. guarantees all his Lozenges to be made entirely of Sugar, whereas in England, immense quantities are adulterated with prepared Stucco, and in Scotland with Potatoe Flour. Adulterated Lozenges may be detected by dissolving them in cold water. The sugar and gum, of which alone Genuine Lozenges are composed, dissolve in the water, while the starch falls to the bottom. A. FERGUSON invites this test to his goods.
